Comment text:

I have been a resident of Rusthall for fifty years, and enjoy many of it's community groups and activity's. We have a thriving High Street, a well attended school, and a wonderful library Our elected borough councillors have often lived here and know what our village wants. The three church halls are used for entertaining, exercise and fund raising and in these difficult times we now have our own food bank. We have our own Village Magazine called Rusthall Life, where we can catch up with village news like how the Friends of T.Wells and Rusthall Commons are working to preserve all our green spaces, which were in full use during Lock Down. Being almost surrounded by farm land, woods and the common, we are separate from the rest of the borough, and I'm sure we would suffer by being divided or absorbed into other wards. Yours [REDACTED]
