Subject: Blackpool Council Local Government Boundary Review
Attachments: Boundary Cover Letter.docx; List of properties.xlsx; maps.pdf; BLACKPOOL COUNCIL BOUNDARY SUMMARY.xlsx

Categories:

Good evening,

Please find attached a cover letter explaining the proposed changes to the ward boundaries by Blackpool South Conservative Association, maps, excel spreadsheet of variances and a list of properties to be moved.

Kind regards,

Blackpool South Conservative Association

To whom it may concern,

The association has examined the various options for ward boundaries within our local area, seeking to preserve our community ties whilst also meeting the Boundary Commission's core criteria with regard to electorate size. At present, Stanley ward is currently too large and is predicted to increase significantly over the next 5 years and reach approximately 26% more electors than the average. This necessitates some changes to the ward map in this area. However, the proposal seeks to keep all other changes to a minimum as all other ward councillor to elector ratios are within reasonable variances. This means councillors are representing roughly equal numbers of voters and leaves over 95% of long-term, settled electors undisturbed.

The submission also provides effective and convenient local government. All wards in the authority return the same number of councillors which helps the local electorate to understand and therefore engage with local government.

Attached as evidence is an excel spreadsheet showing the variances today, and in 2027, were there to be no changes to the boundaries and the variances after the implementation of our plan. I have also attached maps which illustrate the suggested changes and, in addition, a spreadsheet of the properties that are proposed to switch wards.

Proposed Changes

The section of Stanley Ward north of Highfield Road is moved into Hawes Side Ward.

The whole community is currently detached and separated from the rest of Stanley by the main road, Highfield Road, and moving it achieves reducing the electors in Stanley Ward. The community centre in the heart of this section is on Asygarth Court and would move with the electors. Though Yeadon way has been used as a boundary previously, this is somewhat misleading when viewed on a map as it is a raised road and does not break up the areas. In fact, this area has great transport links to the rest of Hawes Side Ward through Midgeland Road to the East and the continuation of Hawes Side Lane which would be more suitable in Hawes Side Ward.

The southern boundary of Clifton is moved from Yeadon Way to the main roads of Clifton Drive and Cherry Tree Road.

At present, Clifton Drive and Cherry Tree Road divide the ward in two distinct separate areas which would no longer be the case. The change also connects the whole of Whalley lane, which previously required travelling through Clifton Ward to reach the end of the lane as it is not accessible from the raised Yeadon Way. The majority of the ward is in the residential area of Mereside and it may be more appropriate to rename the ward as such. This brings the total number of electors in Stanley Ward to the required amount in conjunction with the previous change.

The R3 polling district in Hawes Side Ward will move to Clifton Ward.

There are good transport links to the extended area of Clifton through Newhouse Rd, Penrose Avenue and Preston New Road. The vast majority of this area is a residential section where residents will feel most affinity to their neighbours on neighbouring streets off of Newhouse and Penrose already in Clifton Ward. Living in the same neighbourhood they will be more likely to make use of

the same newsagents along Newhouse Road, the Clarence Pub, and various shops and takeaways on Cherry Tree North.

Half of R1 Polling District in Hawes Side Ward moves to Tyldesley Ward

The final change brings equality to all the wards and also improves the future forecast in Tyldesley Ward which was predicted to be 7.7% too small. There are good transport links from the current section of Tyldesley to the proposed additional section including along Vicarage Lane or Rectory Road. There are also shared amenities for the community on Waterloo Road.

Changes to other wards would not bring about improved councillor to voter ratios, but would break up existing community ties and identities as well as moving people with long term affinities to their wards. Therefore, we would not recommend any further alterations to the ward maps.

Kind regards,

Blackpool South Conservative Association

This is a detailed street map of the James Side area in Victoria, British Columbia. The map shows a grid of streets with names such as James Ave, George Ave, Ryson Ave, and Burton Road. A large area in the center is shaded green and labeled 'R1'. Other areas are labeled 'R2' and 'R3'. The map also shows the waterfront area with streets like Waterfront Road and the city name 'VICTORIA' at the bottom.
