Subject: Re: Boundary Review Submission -final draft - Submission 10th August

Size of Council

There is a Minority proposition to maintain 13 wards with 39 Councillors in the grounds that :

- 1 There is a need to maintain communities
- 2 The number of residents is set to increase
- 3 We would not be out of line. Some Councils have far fewer electors per councillor.

4 Remuneration for Councillors is very low, so it would not create a financial problem and would not affect administration.

Best wishes
Beryl Francis
