Comment text:

I am writing this submission in regards to the proposed separation of Ketley Bank away from our wider community of Oakengates. We have lived in Ketley Bank for 20 years and have always seen Oakengates as central to our community. We use Oakengates for shopping and leisure. We go to Oakengates to visit our favourite pub and restaurant. We are also registered at the dentist's surgery and doctors surgery in Oakengates. To suggest that Ketley Bank has closer ties with Ketley rather than Oakengates is untrue. We feel that we are better represented by being part of the wider community of Oakengates and Ketley Bank and we would like to impress upon the Local Government Boundary Commission how strongly we feel that Ketley Bank should not be put with Ketley – especially as we are separated by a very busy 4-lane main road! Ketley Bank has a long history with Oakengates, and we want this to continue today and in the future.
