Comment text:

Having looked at the Boundary Commission Proposals for Horsehay and Lightmoor I support Dave Hopkins revised plans which keep Horsehay and Myford as one community and Horsehay Golf course, formally Horsehay common as one entity. We have lived in Horsehay for 35 years having moved from a similar community in Jackfield. Horsehay is a historic development centred around the pool and industrial area of AB Cranes. The infill houses are in a similar style many of which are in the conservation area. Dawley and Aqueduct, and Lawley are very different communities. I feel that Horsehay's boundaries should include Spring village, Myford and Doseley and the whole of Horsehay common. There is a mix of housing with the starter homes in Pool Hill.
