I would like to add my voice towards the Apley Castle and Leegomery wards remaining separate. Having representation for both areas, will I feel give the best local knowledge and representaion for each area. As a resident of Apley Castle, I would like to mention the very precious Apley Castle Woods and estate, which are a tremendous resource for local residents like myself and the reason why I moved here. This special LNR area must be protected and have it's own representative voice, especially in light of the extensive building work which now surrounds the whole of the nature reserve. I would also mention that I have also lived in Leegomery and this area also has it's own problems and issues, which again I feel need their own voice. Please therefore keep the two wards separate. Yours with kind regards [REDACTED].
