Comment text:

I completely disagree with the proposals which have been put forward which moves Trench Lock to the Hadley ward. I have lived in Trench Lock for nearly 10 years now and I think of Oakengates as my local town. I go to Oakengates in an evening to go to the pub or for an Indian. My doctors practice is in Oakengates and if I need the odd thing on the way home from work, I always pop into the shops in the town. I do not think of myself as living in Hadley, nor do I use any services in the centre of Hadley. I have been working with the three councillors for Oakengates and Ketley Bank over the past couple of years on speeding problems in Trench Lock and I feel that they have a really good understanding of the problem. They recognise that this is an issue which affects Trench Lock and Oakengates, as it is the same road which runs through Trench Lock, Wombridge and into the centre of Oakengates. I know that they are working with Oakengates Town Council to get this issue resolved and I'm worried that this may falter if we are moved into Hadley, as it does not affect any other part of Hadley as we are separate from them. Please can you take my concerns into consideration. My grandkids go to the nursery in Oakengates, and my daughter works in Ketley Bank. We feel that we are part of this community.
