Comment text:

As a resident of the Millennium Community, we have strong and historic ties to Oakengates & Ketley Bank. My family use The Wakes Community Centre weekly which is based in the centre of the town and we rely upon the children's centre services, I do not think its fair that we would lose our ability to be a part of local decision making if we're put with Ketley which does not have this community provision. Secondly, the local nature reserve and park is located in Oakengates which we use and is somewhere that hosts many local events for families, again we want to be a part of our local community and we feel that this is being taken away from us. Thirdly, Millennium community is a new estate with very limited access to doctors, postal and other key services, the nearest town we rely upon is Oakengates. It's very important for my family that we have access to local councillors that give us a voice in an area that we rely upon every week to use.
