Comment text:

I wish to comment on the Ward Boundary changes being proposed by Wychavon District Council. I have lived in Great Comberton for nearly 5 years, and I am very concerned that the proposed Ward Boundary changes do not reflect the strong links between the villages of Great Comberton, Little Comberton, and Elmley Castle. I have been involved with the Great Comberton Flower Show since arriving in the village, and that involvement really demonstrates for me the close links between the villages. The show requires considerable resources and its close sharing relationship with Little Comberton allows it to borrow tables and road cones from the Little Comberton Village Hall. The active relationship with the community pub in Elmley Castle means that the pub is happy to provide the beer for the Beer Tent at the show. The show has reached out to the local schools, and now has a special Schools Section with entries from the children who attend Elmley Castle First School. There are also specific Classes and Trophies at the show for residents of Great Comberton and Little Comberton. None of these relationships exist with Eckington and that is why I believe that the proposed Ward Boundary changes do not reflect the strong links between Great Comberton, Little Comberton, and Elmley Castle
