Comment text:

I am opposed to Peopleton being removed from the Upton Snodsbury Parish and put into the Drake Broughton Parish. Peopleton has very little in common with such villages and their much larger population and it is likely that it will be over looked. As a village Peopleton is geographically divided by the Drakes Broughton Ward by the A44 and as a smaller, more rural area has much more in common with the villages of the current Upton Snodsbury ward and share the same issues. Our Councillor Linda Robinson has been a great supporter of the ward and I would be extremely disappointed to lose the local connection and support that she has offered.
