Organisation Name:

Comment text:

My husband and I moved here to live in a rural community. We feel it is important to keep the green belt divide between Hampton Lovett and Droitwich. The number of coucillors would be reduced from 7 to 2 . We would lose our non political parish councillors. our voice would be lost within the 26 members of the district council which means we wouldn't be heard or supported when discussing planning applications such as the field. We have unspoilt views at the moment which was the main reason for living here. We are strongly against the proposal This is a retirement park which is ideally situated for peace.
