

Our Recommendations

The table lists all the wards we are proposing as part of our final recommendations along with the number of electors in each ward. The table also shows the electoral variances for each of the proposed wards which tells you how we have delivered electoral equality. Finally, the table includes electorate projections for 2028 so you can see the impact of the recommendations for the future.

North Northamptonshire Council

Final Recommendations on the new electoral arrangements

Who we are

- The Local Government Boundary Commission for England is an independent body set up by Parliament.
- We are not part of government or any political party.
- We are accountable to Parliament through a committee of MPs chaired by the Speaker of the House of Commons.
- Our main role is to carry out electoral reviews of local authorities throughout England.

Electoral review

An electoral review examines and proposes new electoral arrangements for a local authority, including:

- The total number of councillors representing the council's electors ('council size').
- The names, number and boundaries of wards or electoral divisions.
- The number of councillors for each ward or division.

Why North Northamptonshire?

- The Commission is carrying out an electoral review of North Northamptonshire as it is a new local authority.

Our proposals

- North Northamptonshire Council currently has 78 councillors. Based on the evidence we received, we recommend that 68 councillors should serve the council in the future.
- We believe our final recommendations meet our statutory criteria to:
 1. Deliver electoral equality for electors
 2. Reflect community interests and identities
 3. Promote effective and convenient local government

Summary of our recommendations

We have considered all the submissions we received during our consultation on our draft recommendations.

The final recommendations propose that North Northamptonshire should have 68 councillors, a decrease of 10.

North Northamptonshire should have 31 wards, an increase of 5. The boundaries of all of the existing wards should change.

The 68 councillors should represent 12 three-councillor wards and 13 two-councillor wards and 6 one-councillor wards across the county.

An outline of the proposals is shown in the map to the right.
